SPANISH SCHOOL CLUB

Discover Spanish through games, music and fun!

We are excited to introduce our **Spanish School Club**, a fun and engaging space where children can explore the Spanish language and culture in a relaxed and playful environment.

Learning a language at a young age helps children develop **confidence, communication skills and curiosity about the world.**

Through interactive activities, children will naturally start to recognise and use Spanish words and expressions.

What will children learn?

- Greetings and simple conversations in Spanish
- Numbers, colours and everyday vocabulary
- Spanish songs and rhymes
- Fun language games
- Cultural discoveries from Spanish-speaking countries

The sessions are designed to be **dynamic, creative and age-appropriate**, helping children enjoy learning while building confidence in a new language.

No previous Spanish experience is needed!
